

Welcome to Edward Feild School

Hello !

You are going to be in Reception Class soon!

Let's find out a little more about your new
school.

Welcome to Butterfly Class

For carpet sessions, you may be in Monarch group or Peacocks group. The rest of the time you will be able to explore both classrooms and the outside area as you wish. We have sand, water, and play dough. We love to build, draw, paint, and stick. We have a book corner, a place to count and look at numbers and so much more. You will have your own drawer to put your book bag in and other things like pictures and letters. It will have your name on it, so you know which one is yours.

In between the classrooms,
are the toilets.

We hang our coats in the cloakroom outside
our classrooms and keep our wellies here too.
Just like your drawer, it will have your name
on it.

Here are some of the adults who you will see
Some of them might be teaching you soon.

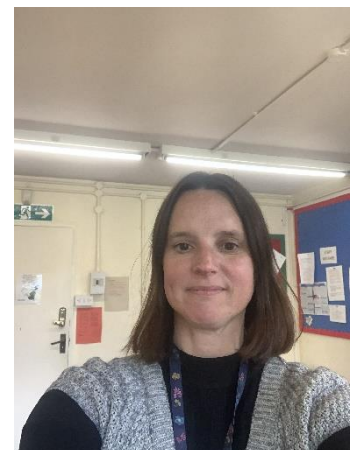

Here is Miss. Caple.

This is Mrs. Hill.

This is Mrs. Lewis.

This is Mrs Miller

We have an outside area especially
for the Reception.

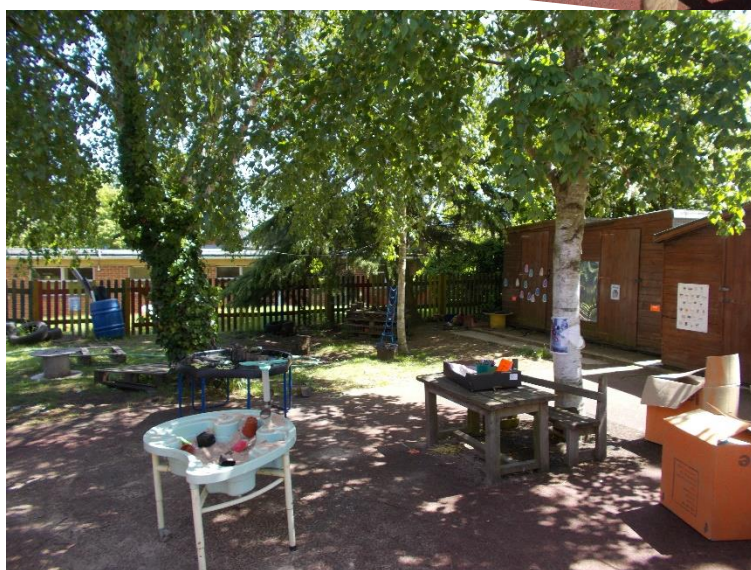

Have a look!

We can climb on the
frame, play with balls
and hoops and build
obstacle courses.

There are lots of
other games and
activities to do
outside.

When it's lunchtime, you will go to the hall and have a hot school dinner or you'll bring a packed lunch.

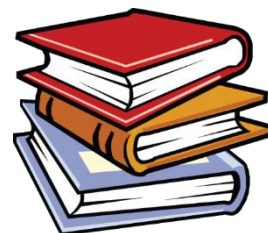

Other classes may be there too having their lunch, so there are lots of tables and benches.

Here are the staff who cook the hot school dinners. There will be other adults in the hall to help you when you have your lunch.

After lunch, everyone goes outside to run around and play on the playground. The adults come out too. They are there to keep you safe and help you.

Sometimes you will visit this room. It is the school library. You can borrow books to take home from the library.

Maybe the adults will read you a story when you visit.

You will have many fun things to do in the Butterfly class. There will be lots to learn. You will have plenty of time to play and there will be group times with the adults too.

You will be able to make new friends. That's rather exciting isn't it? At school, just like at home, we need to be able to get on with each other so we have special rules to help us to make the school a happy and safe place to be. We have five simple rules.

Here they are!

*At Edward Feild, we listen to each other.

*At Edward Feild, we do and say kind things.

*At Edward Feild, we try our best.

*At Edward Feild, we help each other learn.

*At Edward Feild, we look after our school
and property.

We are really looking forward to seeing you when you
come to your new class. You might like to bring a
picture of your favourite things or you could ask your
adult to help you write a list of them.
